**Have you thought about responding?**

Last week we heard from the bishop about his new proposal for our parish. Have you considered writing or emailing the bishop about it?

The bishop talks about pruning for growth whilst making our parish even bigger! He says its based on the discussions with the priests, this is not true in our case! He talks about the welfare of his priests taking on too much! He proves this by making the cathedral Parish smaller, and making ours bigger! He talks about having too many Masses, yet he is prepared to make priests say more masses by adding another parish to his work load!

The inner city parishes are all unique! Social problems come with each one! The cathedral parish has looked after St. Joseph's for nine years, why not let them keep up the good work the two priests are already doing? The parishioners themselves asked to remain with the cathedral, so why not listen to what the people want? PLEASE respond to the bishop...before its too late.

**End of term Masses in school.**

Monday at 9:15am in Holy Family.

Tuesday at 9am in All Hallows.

As these Masses celebrate the good work accomplished in our local schools, we wish all those who work in them a well earned rest! I hope the children enjoy the summer break, and the sun will shine...a little bit!

**Sunday Mornings**

In order to let people have a break, and a well earned rest. The children's liturgy will stop after this weekend, it will restart when the schools return in September.

Children are invited to sit with their families on a Sunday morning.

Tea and Coffee will resume in September Thus allowing the same ladies to have a break.
